LINGUISTIC MEANS OF EMOTIONAL EXPRESSION IN AN INFORMAL INTERVIEW REPLICAS OF PARTICIPANTS

© 2014 T.S. Shishkina

Shishkina Tatyana Semenovna – Candidate of Philology Sciences,
Associate Professor, Department of English Philology,
Institute of Philology, Journalism and Intercultural Communication
of Southern Federal University,
Universitetsky Lane, 93, Rostov-on-Don, 344006.

E-mail: Rostov-28Tancha@yandex.ru.

The emotional and expressive potential of constantive speech act as stimulus and its constantive and pragmatic role in a spontaneous non-formal interview is considered. The choice of the subject of study is motivated by interest in the analysis of the influence of the communicative situation in the structural organization of the genre of non-informal interview, and particularly the semantic and pragmatic structures of dialogic narrative replica reaction and stimulating speech course. The main emphasis is placed on identifying pragmatic, semantic, syntactic features of initiating and stimulating speech in the genre of non-informal interviews. The issue of direct and indirect speech acts is covered in a new light that contribute to modern theory of speech genres – genristica.

Keywords: constantive speech act, non-informal interview, emotional and expressive potential, pragmatic peculiarities, genre of non-formal interview.
